PROJECTS

REAL ESTATE WEBSITE

Real estate website using React that allows users to browse and view propertys. The focus is on creating a clean and responsive.
Real estate https://jsrealestate.pages.dev/

MY YT BOOKMARK CHROME EXTENSION

The extension should provide a seamless experience for users to save, categorize, and quickly access their bookmarked videos directly from the browser.My YT Bookmark provides users with a convenient way to manage their YouTube video bookmarks directly from the Chrome browser.

CAR RENTAL WEBSITE

Car Rental Management System using PHP,HTML, and SQL to facilitate seamless booking and management of rental vehicles .The website contain admin page to check the order and to view the check the status.

INFINITE SCROLL USING REACT

Infinite Scroll is a technique that automatically adds the next page as the user scrolls down through content, more content is loaded. User don't need to wait for pages to preload. So infinite scroll can provide user a better experience.
